Testimonials

"Who would have thought that a PRINCE2 Training Course would have been so much fun! I recently attended (and passed) the PRINCE2 Foundation & Practitioner course at Silicon Beach and cannot recommend it enough. The brilliant trainer brought the subject matter to life making it interesting and integrating PRINCE2 into my day to day working life has been made so simple – a real life skill. A great location too – thank you Silicon Beach"
Emma Rance, EMEA Senior Category Manager - The Body Shop

PRINCE2® (Project IN Controlled Environments) is a project management methodology designed to ensure that a project meet its objectives, within constraints and delivers stated benefits. T This 3 day PRINCE2 Foundation training course is designed to provide you with a detailed understanding of the PRINCE2 approach and the ability to apply the method to your own working environment.

This will be achieved by a combination of slide presentations and exercises designed to prepare you for the foundation examination.

Who should attend?

This PRINCE2 Foundation training course is aimed at any level of project staff that requires a formal qualification in the project management method.
