What is EU General Data Protection Regulation (GDPR) Awareness?

This 1-day training course offers candidates an insight into the impending EU General Data Protection Regulations (EU GDPR) that will come into effect on 25th May 2018, and how the new law will affect their business processes. This GDPR data protection training course will help candidates decipher the complex terminology in the legislation and understand what is required in order to adhere to the new law. The EU GDPR is a singular data privacy law that EU Member Countries will have to adhere to by May 2018 at the latest, in an attempt to decrease the risk of data breaches and consequential personal data loss, from cyber security attacks.

Who's the Course Intended for?

This training course would be beneficial for individuals in the following professions:

- IT Security Professionals
- Risk Assessors and Managers
- Privacy Managers
- Senior Office Staff
- Senior Responsible Directors
- Management Staff

Course Objectives

This training course aims to elevate awareness and fundamental knowledge of the impending EU GDPR law, and understand what practices need to be conducted in order to comply with the new legislation.

- What is the EU GDPR?
- GDPR Time Frame
- EU GDPR Terminology and Principles
- What do I need to do to adhere to GDPR?
- Data Rights
