

What is ITIL® 4 Foundation Training?

ITIL® 4 Foundation Training is an intensive introduction to the ITIL service management framework.

Our training is designed to enable successful delivery and support of quality IT Services, providing a “best practice” approach to all aspects of the service life cycle.

ITIL® 4 Foundation Training consists of three days of short lectures, discussions and examination technique practice leading up to an invigilated exam on the third day.

Our Foundation course provides the ideal introduction to IT Service Management, and offers preparation for a Service Improvement Programme.

We also provide private and in-company ITIL 4 Foundation training. Call us on [+44 \(0\)1273 622272](tel:+442045712395) for a quote.

ITIL® 4 Foundation Pre-Course Reading

Before you attend one of our ITIL training courses we'll provide you with our own bespoke pre-course workbook.

Please read the book before the course, as this will increase your chances of passing your exam.

ITIL® 4 Foundation evening work

You will be given homework during the course in the form of Sample Papers to complete and you may also wish to do additional reading in the evenings as preparation for the next day.

Please ensure you keep your social diary free during the course so that you are able to complete work during the evenings.

ITIL® 4 Course Price Guarantee

We guarantee our ITIL® 4 Foundation course in Brighton has the lowest price around. If you find

Our ITIL 4 Foundation Training course ends with a one hour 'closed book' multiple-choice paper, with 40 questions. The pass mark is 26 / 40.

If you don't pass your exam first time round, you can re-sit the foundation course again for free. You just pay the exam cost.
