What is MoV Foundation & Practitioner Certification?

This Management of Value (MoV®) Foundation & Practitioner Certification is designed for candidates that wish to upgrade their MoV® Foundation Qualification, to the full practitioner status. This MoV® Certification confirms that candidates have up-to-date knowledge and the relevant tools to apply such awareness to a variety of scenarios - strategically elevating business value. This MoV® training course will emphasise the importance of meticulously detailing a project's intentions, objectives, scope, and resource requirements prior to instructing initiation, due to maximising the potential for project success and decreasing dysfunctional resource-consuming processes - increasing value.

Our MoV Foundation and Practitioner classroom training course is fully PeopleCert-accredited and includes both Foundation and Practitioner exams. MoV Foundation and Practitioner provides the knowledge needed to tailor MoV to specific project scenarios.

Management of Value (MoV®) is a framework that provides businesses with a valuable set of principles and techniques to enhance benefits from portfolios, programmes, and projects, to ultimately enhance business value and ensure an unparalleled quality of delivery. Hence, having qualified MoV® Practitioners in a business is beneficial when attempting to elevate quantifiable and measurable business value.

What are the MoV Foundation & Practitioner Course Objectives?

By the end of the training course, you will:

- Gain an understanding of the principles of MoV to enable you to take part in MoV activities
- Understand how to apply MoV to a scenario situation

Who is the MoV Foundation & Practitioner Course for?

- Management Staff Wishing to Utilise Management of Value (MoV®) principles
- Senior management
- Project and Programme Managers
