

What is P3O® Re-Registration Training?

This re-registration training course is essential for P3O® Practitioners coming to the end of their 3-5 year registration period that wish to keep their qualification and knowledge up to date for the next 5 years. As a recognised and valuable Project Management qualification, the Portfolio, Programme, and Project Officers (P3O®) Practitioner Certification confirms to employers, that a candidate is capable of applying the P3O® model and could lead a P3O® project of transformational change. This P3O® Practitioner Re-registration Certificate is designed for individuals that wish to elevate and revise their applicable knowledge of the P3O® Model and its concepts - learning how to design and implement projects in accordance with the P3O® Model. Led by highly experienced and accredited instructors, the course will consist of a mixture of practical exercises and instructor led seminar-based sessions - ensuring that candidates possess applicable and underpinning conceptual knowledge. The P3O® Practitioner Training Course will allow individuals to analyse, distinguish, and review the success or failure of P3O Projects, with a full appreciation of differing principles and varying roles that contribute to a successful P3O® Project.

Whilst providing an effective framework for repeat usage, [P3O® Training](#) is primarily designed to develop proficient Project Managers and Project Contributors that are capable of initiating and leading transformational business change. The P3O® guidance brings about a collaboration of principles, foundations, processes, and techniques to contribute and facilitate Portfolio, Programme, and Project Management - in order to provide a set framework in which to adhere to on regular basis to assure consistency and effective Project Management. The Portfolio, Programme, and Project Officers (P3O®) scheme offers guidance on optimising investment whilst not inhibiting or influencing alternative business operations - hence this course is of value for businesses utilising the P3O® Guidance and developing capable Project Managers.
