Duration: 3 days

Who is this course for?

Web developers with a good working knowledge of [HTML & CSS](#) and [JavaScript](#) who want to move on to start using jQuery for more impressive web content.

Testimonials

The jQuery course had good content and covered all the areas I was keen to learn. The tutor was very knowledgeable and could answer any questions I had. The course was very hands on - I learn by doing so this was perfect - it has given me tools to go and apply in the real world
